## EDUCATIONS

Degree	Institute/Board	CGPA/Percentage	Year
Bachelor of Technology	Bennett University, Greater Noida	7.77(1 <sup>st</sup> Year)	2028
Senior Secondary	Deep Memorial Public School (CBSE)	75.04%	2024
Secondary	Deep Memorial Public School (CBSE)	88.63%	2022

## EXPERIENCE

**Junior Associate – Weber Innovations** | August 2025 – Present

Design and execution of visual assets for digital campaigns. Assisted in developing ad creatives and short-form content aligned with brand guidelines. Collaborated with marketing and content teams to ensure consistency in visual identity and messaging. Supported brand visibility and engagement efforts across platforms.

**Advertisement Head – MUNify** | July 2024 – November 2024

Led social media campaigns and digital marketing strategies for a Model United Nations startup. Designed and managed ad creatives, reels, and targeted promotions to boost delegate signups. Collaborated with content and design teams to maintain brand tone and campaign aesthetics. Increased event visibility through strategic use of Instagram and WhatsApp channels.

**Freelance Frontend Developer** | December 2024 – Present

Designed and developed responsive websites for clients using HTML, CSS, JavaScript. Delivered portfolio sites, landing pages, and dashboards with clean UI and mobile-first design.

## PROJECTS

**WatChill – Movies & Anime Streaming Platform** | HTML, CSS, JavaScript

Developed a responsive web platform for streaming movies and anime. Implemented dynamic content loading, search filters, and an intuitive UI. Focused on user experience and responsive design.

**SMS – Student Management System** | Java, AWT, Swing, SQL

Created a GUI-based system to manage student records including profiles, attendance, and academic performance. Features include advanced search, profile popups, and data export.

**Calorie & Nutrition AI System** | React, TypeScript, NumPy, Pandas, Matplotlib

Developed an AI-assisted system to analyze calorie intake and nutritional data. Built a React + TypeScript frontend presenting personalized dietary summaries, trends, and recommendations.

**QR Ticket Scanner for Bus Routes** | React, TypeScript, QR Scanner API

Built a QR-based ticket scanning system for bus route verification and passenger validation. Processes QR tickets in real time and maps them to assigned routes.

## TECHNICAL SKILLS

**Languages & Frameworks:** Java, Python, JavaScript, Dart (Flutter), C++, NumPy

**Web Development:** HTML, CSS, JavaScript, React, TypeScript

**App & Desktop Development:** Flutter, Java (AWT/Swing), Python (Tkinter)

**Tools & Platforms:** Git, SQL, MATLAB, Android Studio

**Design & Video Editing:** Canva, Adobe Express, CapCut, DaVinci Resolve, After Effects, Krita, Inkscape

## LEADERSHIP

**Creative Head – Student Council, Deep Memorial Public School** | 2023 – 2024

Led design and branding for school events, posters, and digital content. Coordinated with multiple departments to organize cultural and academic programs. Introduced new creative formats for student engagement and event promotion.

## ACHIEVEMENTS

**Finalist – PrepBee Hiveminds Strategy Conquest S1**

**Completed – 30 Nights of Code Challenge (Codedex)**
